A METHODOLOGY TO IMPROVE INDUSTRIAL PROPERTY MANAGEMENT COMPETENCES AND MATURITY LEVEL

Methodology - Phase 1

IP Diagnosis and Team Setup

- Assess degree of maturity
- Identifying all IP-related assets as:
 - Patents, trademarks and design
 - Employees' knowledge and skills, main technologies used and trade secrets
- Select a team to work on this project:
 - Identify a leader (Chief Intellectual Property Officer)
 - Include people from different areas of the organization: IP knowledge becomes transversal to the organization
- Define project
